Dear Dr. Richmond:

We have received, as each year, the Amendment of Modification M010 to International Agreement Number DE-GIO1-82EP12126. A photocopy of it is sent to you as well as our answer.

From this Amendment it looks that DOE do not consider necessary to make a new agreement to substitute the "Otero-Hall Agreement". Then we think that the relations between you and us and between DOE and CIEMAT must be will continue as in the past.

As you know we still have problems in relation with the obligated yearly funds wich has not been sent for the two last fiscal years.

So, please send us yours suggestions about the convenience of renewings the yearly reporting for continuing assistance and any other exchange of technical or administrative information.

I inform you that Dr. Iranzo is working with us as scientific advisor.

Sincerely yours,

J. Gutiérrez
